

News from Mrs. Allen & Ms. Maack

The 2019 Primary Mariposa Water/Sports Day

The 15th Annual Water Day was fantastic with lots of “wet fun” for all the Pre-School, K-2nd primary students. This day was a celebration of all the sports and skill the students have been working on in P.E. class. Each child practiced their “Lifeskills” through exercise, sports, games and physical activity. The exciting 12 water/sport stations that the students participated in were filled with exciting WATER FUN!

Ms. Barber's & Mr. Ettinger's 5th grade class did an amazing job in their leadership skills with the kids. These students represented themselves well by being good role models, giving specific directions and positive encouragement to the students, and demonstrating good work ethics and especially patience. Mariposa teachers and students were very impressed with their teaching skill. They did a wonderful job at the Water Day!!

Mr. Ettingers's 5th Grade Class

Ms. Basber's 5th Grade Class

Many thanks to the wonderful Mariposa moms and dads that helped set-up and cleaned up the equipment for this big day! A special thanks goes out to two special dads who stayed all day and helped out☺ (Pre-School Teacher, Jen Griffin's husband **Matt Griffin) and (**Zeke Hocking** who has two kids at Mariposa, Emma in Scheitlin 2nd grade & Bryce in Kindergarten in Rees's class).**

This is not a fun job to do but it is necessary for this event to take place!! I could not put on this huge day without the support of the Mariposa families. Thank you so much for your time and team work so all the Primary- Pre-School, & K-2nd grade students could have this special memory of the Mariposa Water/Sport Day!

Also, a special thanks goes out to the following: Mr. Fallgatter, Mrs. Payne, Margaret Marino, Kelly Leathers, JT Tenkely, Ms. Barber, Mr. Ettinger and again the wonderful PTO.

**Yours in Good Health and Fitness,
Connie N. Allen & Jenna Maack
