

# Game of 99

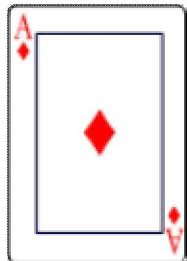

Players - 2 or more

Materials - regular deck of cards with jokers,  
(coins, candy, etc)

**How to Play:** Deal out 3 cards to each player. Place remaining cards in a pile in the middle. Be sure each person always has 3 cards in his/her hand throughout the game. (Don't forget to draw a new card when you lay a card down!)

Youngest player starts by laying down a card and stating its value. The next person adds their value to the pile and says the SUM. Keep adding up, but don't go over 99! Use the special cards below if you have them to keep the total from going over 99.

First person who goes over 99 loses 1 token. Once you lose 3 tokens, you are out.  
*Last person with any tokens left wins them all!*

(all aces)

**One point**

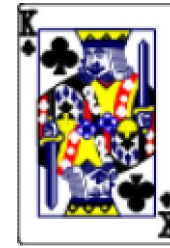

other cards are  
face value

(all Jacks)  
**- 10!**

(all Queens)  
**PASS  
(zero)**

(all Kings)
