

Music Theory Packets #4

Description: Progressive music theory lessons. In the packet are worksheets that will cover basic music theory; the fundamental knowledge base all musicians – vocal and instrumental – should have.

These worksheets, from [Opus Music Theory](#), progress in difficulty and align with National and State Music Standards. These worksheets are free and available for educational use to the public.

Materials: paper or print at home worksheets, pen or pencil

Instructions: Copy or print the worksheets and complete the theory lessons.

Reference material can be found online at [MusicTheory.net](#) for further explanation. YouTube.com is also a great resource, as there are several theory lessons posted there.

Packet #4: Explores accidentals, half steps, whole steps, and the Major Scale.
